1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anne Kinsman on 12 May 2004.

2. The application has been amended as follows:

In claim 4, line 3, "said bearing assemblies" has been changed to --said bearings--.

In claim 10, line 1, "said perimetral upstanding flanges of said tray are" has been changed to --said perimetral upstanding flange of said tray is--.

Non-elected claims 11-15 have been canceled.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or fairly suggest an apparatus comprising a tray support platform mounted on a base for tethered buffeted motion with respect to the base, a tray having an upper friction surface, for mounting on and being held to the tray support platform, and a grid having a plurality of compartments, the grid being supported on the tray, as claimed in claim 1.

The prior art of record discloses apparatus for making spherical products wherein a compartmented grid is juxtaposed with a tray, and either (a) the tray is oscillated while the grid is separately supported so as not to oscillate (see Willard et al., Blum et al. and Schroder), or (b) the grid is oscillated while the tray is separately supported so as not to oscillate (see Anetsberger, Kolodesh et al., Pointon et al. and Loncaric); however, the prior art of record does not teach or fairly suggest an apparatus as claimed wherein the compartmented grid is supported on the tray

which is mounted on and held to a tray support platform which is mounted for tethered buffeted motion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James Mackey whose telephone number is 571-272-1135. The examiner can normally be reached on M-F, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wanda Walker can be reached on 571-272-1151. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
